A COMPREHENSIVE PROFESSIONAL DEVELOPMENT PACKAGE FOR LOCAL ADULT EDUCATION AND LITERACY PROGRAM MANAGERS

Congratulations!

One Webinar away
from being eligible to apply for....

CMPI

Certified Manager in
Program Improvement

Thank you for
joining us
on the journey!

Today's Webinar

We will:

- reflect on what you learned
- discuss your recommendations for improvements
- talk about next steps for graduate credit and/or certification

Overall LEA structure

- Two year process
- Workshops and/or online courses for learning
- Interim activities for application
- Webinars for reflection
- Culminating project for practice

Did this structure work for you?

Do you have any recommendations for improvement?

Overall LEA Process Year One - The Trident

- Purpose: Identify three starting points for identifying program improvement needs
 - Self Assessments
 - Research
 - Data
- The goal is to institutionalize all three starting points as a routine part of your annual operations.

Did you find the three starting points a helpful way to identify program improvement needs?

Do you have any recommendations?

Overall LEA Process Year Two - Strategies

- Purpose: Provide a sampling of strategies to foster program improvement
 - Student persistence
 - Leadership skills
 - Getting new instructors/tutors off to the right start

How did these strategies help your program improvement efforts?

Do you have any recommendations?

Interim Activities

- Purpose: give you an opportunity to engage your staff in applying some of the concepts and practices you learned

Did they achieve that purpose?

Do you have any recommendations?

Webinars

- Purpose: provide an opportunity to reflect on interim activities and hear about approaches and issues of colleagues

Did the Webinars achieve this purpose?

Do you have any recommendations?

Culminating Project

- Purpose: The culminating project was designed to help you engage your staff in prioritizing needs, identifying strategies, and developing and implementing a small pilot test.

Did it achieve this purpose?

Do you have any recommendations?

Other recommendations

- Are there any recommendations you would like to make that we haven't discussed?
